Guidelines for Physicians
1. A) Registration/Evaluation Process Map for “General Practitioner”

The applicant should follow up on the request with the employer representative.

- Preliminary evaluation is only valid for 6 months.
- In the meantime, physicians who require training can only obtain it in Hamad Medical Corporation (HMC), Primary Health Care Corporation (PHCC) and Sidra Medicine.
B) Registration/Evaluation Process Map for “Associate or Specialty Scope”

- The applicant should follow up on the request with the employer representative.
- Preliminary evaluation is only valid for 6 months.
Registration/Evaluation Requirements

Please apply through the Registration/Licensing Electronic System on the Department of Healthcare Professions’ website, complete the online application and pay the required fees (if applicable).

Submit an electronic “Apply for Evaluation” request and upload the below mentioned required documents:

1. Copy of valid passport.
2. Copy of valid QID (front and back) or the national number* with copy of the document. (locum physicians must attach the national document)
3. One recent photo (according to photo criteria stated in circular (04-2014) or in the “Additional Attachments” document).
4. An up to date Curriculum Vitae (C.V).
5. Copy of all academic certificates relevant to applicant’s scope with official transcript (refer to Table no. 1).
6. Copy of the recent work experience certificates (with an issue date) required according to applicant’s scope (refer to Table no. 1).
7. Copy of valid medical/registration licenses accompanying the required years of work experience (if applicable).
8. Copy of primary source verification report.
9. The verification report will be reviewed during this phase; any misleading information provided will result in further investigations and could result in disciplinary action.
10. Copy of the passing certificate of the qualifying exam (if applicable).

*The National number depends on each country such as the national ID in Sudan, the national insurance number in UK, the multi-purpose number in the Philippines...etc.

Notes

- Applications that do not meet the requirements above will be sent back to the applicant.
- The evaluation does not obligate the Department of Healthcare Professions to grant the applicant any specific degree or title.
- Please note that the verification process done by the verification companies replaces attestation of certificates by related competent authorities (i.e.: certificates do not have to be attested).
- The certificate of good standing will be required in the licensing phase unless the case requires otherwise.
- It is the applicant’s responsibility to follow up on the verification report and the certificate of good standing.
- Applicants/employer representatives can follow up on the certificate of good standing with QCHPGoodSt@moph.gov.qa
Original documents/certificates might be requested on a case by case basis.
Any other documents required to support the application that are not mentioned above must be submitted upon request.
Any documents presented in languages other than Arabic or English must be translated to Arabic or English and attached to a copy of the original documents.
Please refer to the website of the Department of Healthcare Professions frequently to check for updates of the requirements.
A case by case assessment may be implemented.

You can follow-up on the request with your employer representative.

No.3: General Remarks

- Holders of any post-graduate degree that is not included in the above table must submit his/her transcript and program curriculum or equivalent subject for review according to the Department of Healthcare Professions’ policies and procedures.

- The above table is not exclusive and the Department of Healthcare Professions reserves the right to amend and update the requirements at different intervals without prior notice.

- Holder of a Qualification degree which is higher than the degrees mentioned in the above table will be considered accordingly.

- In case the post-graduate certificate is limited to certain duration of time according to its issuing Authority (such as The American Board certificates), it will not be mandatory to be valid on applying for Registration/licensing in Qatar, if they fulfill the down listed criteria:
  - The certificate should be valid at the time of leaving the country of issuing this certificate.
  - The physician should be actively engaged in the CME, CPD system in the country/s before joining Qatar.
  - The physician should have a valid Registration/Health license in the country/s before joining Qatar.

- The Department of Healthcare Professions reserves the right to ask for recommendation letters if required.

- The Department of Healthcare Professions reserves the right to conduct interviews as part of the evaluation process if required.

- The Department of Healthcare Professions reserves the right to ask for additional supporting documents whenever needed.

- Holders of specialty certificates in the main specialty while their work experience in the sub specialty, can be granted a scope of practice as per the sub-specialty only if the university/issuing institution does not have the sub specialty degree at the time he/she got the degree. The Registration Section may request for an official proof (if necessary).

- In determining the eligibility of an applicant for registration in Specialty Scope, applicant shall comply with the following basic requirements:
  1. To have a minimum of six (6) years undergraduate degree (MBChB/MBBS/MBBCh /Northern American MD or equivalent)
  2. The internship program can be considered for completion of the required undergraduate study years, in case the medical college program is less than (6) years.
The Department of Healthcare Professions reserves the right to consult an expert panel in the respective specialty whenever required.

Physicians cannot be registered with double specialties unless they are related, but can get privileges for more than one specialty after assessment through a specialized committee.

Certificates of mostly academic nature and character, the curricula of which do not include patient care, clinical practice and practical training in the field of specialization.

This policy cancels any previous policies in this regard.

Healthcare facilities are given the right to grant the title of specialist or consultant to their physicians, according to the Guidelines and standards approved by the Department of Healthcare Professions. (Appendix 1)

The applicant must be reasonably fluent in either Arabic or English or both.
